VOL. II. NO. 53.

ASSOCIATION:

Or, Principles of a True Organization of Society.

IF The editorship of this column is distinct from that of the Tribune. Address letters, post-paid, to A. BRISHAME esidence, 76 Leonard-street.

LECTURE.-A Lecture upon the important sub-

Broadway, on Sunday evening at 8 o'clock. dies are invited to attend. The Lecture will be

We pointed out briefly in our last article the cor trast between the system of Commerce in Asso

ciation and the present Social Order. An Asso-

present the same number of persons, divided into

solated families, make, if they are farming fami-

lies, twenty or thirty thousand, and if they are city

wholesale and direct trade the accumulated profits

which are now paid to three, four, and sometimes more intermediate dealers. It would furnish the

As to the manner of effecting sales, it would be

sell nothing except what was of the best quality

bers those who had the most taste and capacity for business, to effect sales and purchases; they would

to give security for the faithful performance of

suffer intense privation, because they cannot obtain

credit for a week for some indispensable object,sometimes food and clothing, at other times medi-

Some shrewd persons will no doubt remark that,

with such a system individuals would run in debt

we will state, that the Association would not gru-

with all objects necessary to their wants and com

forts, but beyond that they would pay for what they

might purchase. If, however, Association can

guarantee to people-1st. Attractive Occupations. 2d. Constant employment; 3d. The entire fruit

Commerce. Besides, when Association become

under dishonorable circumstances, would probe

In the first place, the Mass are plunged in poverty and left without Education. Besides being without agreeable and respectable social relations, the de-

sire and pride of retaining public esteem is slightly

have already rendered him despicable, robs, he can take his plunder to his isolated household, and there enjoy it unknown to the world. In Association

nothing of the kind could take place; if a person

can call out their higher sentiments and faculties,

ennobling and elevating enjoyments of the Arts

courts, criminal legislation, &c., were spent in im proving, morally and physically, the condition of the destitute ignorant and abandoned portion of

the population, it is more than probable that there

would be less crime than there is at present. But

The Association, after buying its goods at whole-sale, would not then retail them out to the inhabi-

tants. The groceries, and other provisions of a durable nature, would, for example, be placed in the store-rooms near the large kitchens, and served

at the public and private tables as required. A member, on paying for his board at the end of the year, would then pay for the groceries he had con-

sumed; he would not bey a pound of tea or a few pounds of sugar at a time as families now do.

Association, contrasted with the enormous inter-

tions, frauds, overreaching and other tricks of the

present system of trade, would form a striking

feature of the mechanism of Association, and

article, an important characteristic of Association.

which the Reader should particularly bear in mind

As these practical details may be dry to many, we

shall explain them briefly, but they should be par-

In Association there will be, as a general rule, no buying and selling between individuals. Every

would of itself attach people strongly to it.

to return to our subject.
